Experience and skills:

I have a wide range of experience and skills, partly from my employment as described above, and also through voluntary involvement in a number of projects and organisations.

As Director of **AFFOR** in the mid-1970s, I ran a small independently-minded organisation, with a staff of around half a dozen, as an informal advice/casework agency, campaigning on race issues, and helping to establish other projects in the Handsworth area of Birmingham. Whilst at AFFOR I convened and chaired the setting-up committee of **Handsworth Law Centre**, and then became one of the Centre's first employees.

For ten years I worked as a volunteer adviser with **Trinity Housing Advice Centre**, an independent housing-aid centre in Handsworth, and as a member of its management committee was centrally involved in its development. In 1978, together with Trinity's Senior Housing Adviser, I convened the **Handsworth Single Homeless Action Group**, which worked to provide accommodation for mainly black young single homeless people; I chaired the Group until I moved briefly to London in 1979, and was one of its two full-time employees in 1980-81.

For a number of years in the '70s and '80s, and again in recent years, I have worked as a volunteer with the [Asian Resource Centre](#) in Birmingham, in immigration casework and as a fundraiser. In 2001 I worked as Project Development Worker for the Centre's **Immigration and Asylum Resource Project** (later [ASIRT](#)).

I initiated Handsworth Law Centre's sponsorship of an **Immigration Aid Unit** serving the West Midlands, undertook fund-raising for the project, and worked there as a Resource Worker between 1981 and 1984. I was also the first chairperson of the **Aekta Clothing Workers Project**, again set up under the aegis of Handsworth Law Centre.

In 1985 and 1986 I worked for the [Joint Council for the Welfare of Immigrants](#) to produce two reports, one on local authorities' policies and practices in relation to people's immigration status, and the other on the need for an independent review body to monitor British immigration control. In 1986 I initiated the establishment of a West Midlands branch of JCWI, and carried out fund-raising for the branch. In 1990 I initiated the formation of the **Birmingham Black Oral**

History Project, and recently I have worked with others to make material collected by the project available on the [BBOHP Web site](#).

During 1986/87 I assisted **Clare Short MP** with constituency casework on a voluntary basis, and I accompanied her on trips to Pakistan and Bangladesh to visit families refused entry to join men settled in this country. In 1988-90 I was employed as Clare's constituency assistant, and I worked again for her in 2002-3.

From 1990 to 2000 (part-time from 1994), and again part-time from 2003 to 2006, I worked as an Investigator for the [Local Government Ombudsman](#).

In 1993/94 I was Manager of the **Independent Immigration Support Agency** in Birmingham. I worked with [Birmingham Law Centre](#) (formerly B-MAG) to develop and fund-raise for the Hope Destitution Fund (formerly Asylum-Seekers' Destitution Fund), Hope Housing, and other projects working with asylum-seekers and refugees in the West Midlands; and was Co-ordinator of the [Hope Projects](#), working with homeless and destitute asylum-seekers and other new migrants.

I have IT skills, particularly in **Internet/Web development work**, and **programming** in Perl (including CGI applications) and JavaScript

I have in the past used these skills in work, paid and voluntary, for a number of international, national and local voluntary organisations, including BRAC (Bangladesh), Christian Aid, the World Development Movement, Transparency International HQ and TI Chapters in Bangladesh, India, Pakistan, Nepal and the UK, the Red Cross, Landmine Action, Amnesty International, the National Coalition of Anti-Deportation Campaigns and Oxfam.
